

BSY Series

Single Pole Single Throw Miniature Slide Switch

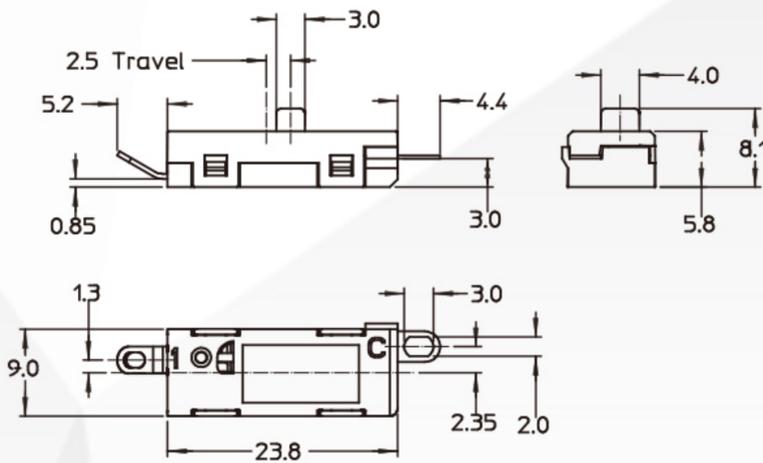

Features

- Single pole ON-OFF slide switch
- Small size that is suitable for tiny space structure installation
- Two terminals options: PCB and soldering

Specifications

- ENEC/CQC : 10(3)A 250VAC μ T115 10000 cycles
- Insulation resistance : $\geq 50M\Omega$
- Contact resistance : $\leq 50m\Omega$

Typical applications

BSY

Circuit	PCB Thru-hole
