

# DPX

## Push Button Switch

Highly reliable and durable, suitable for small angle grinders (SAG) and other dusty environment, high current draw applications.

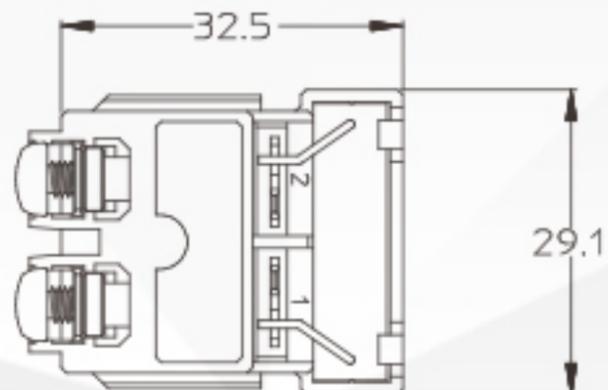

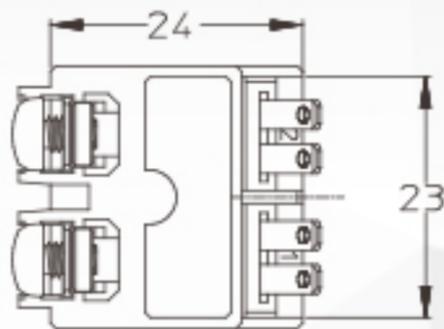

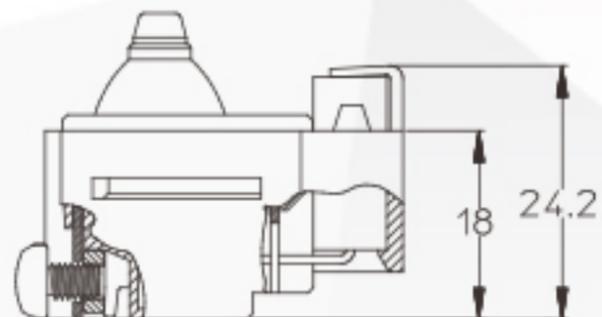

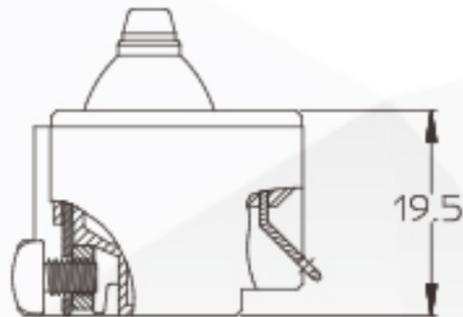

### -Features

- Momentary-ON
- Internal fail-safe contact mechanism for added reliability and durability
- Weld safe
- Bistability
- Full dust protection on actuator to prevent sticking

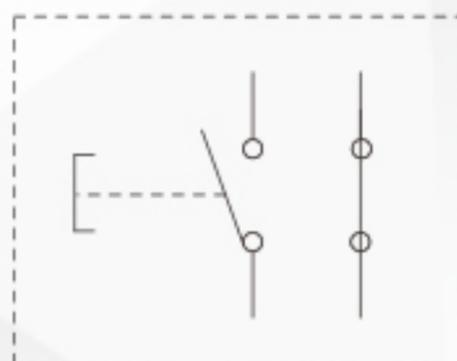

### -Options

- Single or double pole
- Integrated holder for common size capacitors

Model	Configuration	Approvals
