

EGR

Compact Trigger Switch For BLDC (Pure Signal)

IP67

Ultra-compact size pure DC signal switch for brushless applications with excellent cost performance ratio. Integrated with potentiometer, additional NO/NC signal function and forward/reverse signal, and with advanced dust & waterproof protection up to IP67.

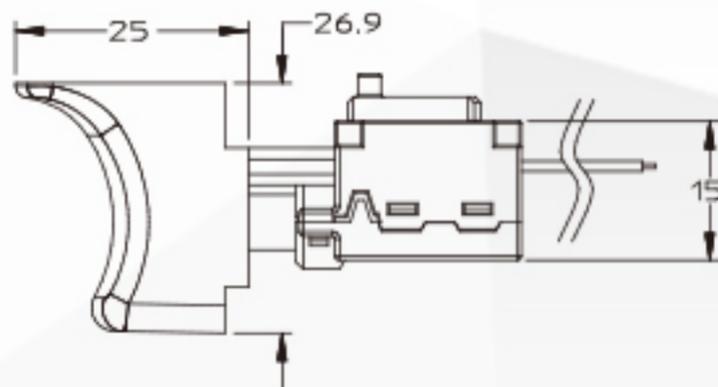

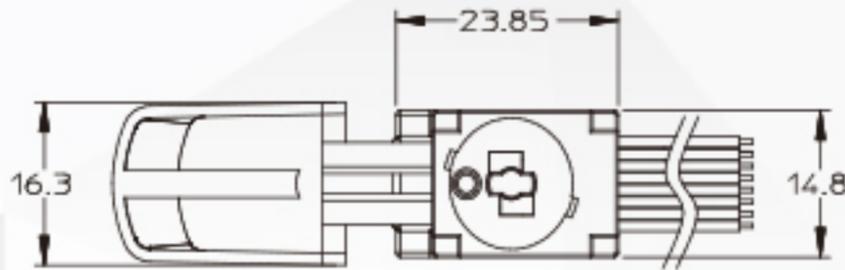

-Features

- Ultra compact size
- Integrated F/R signal control
- Pre-wired to specifications
- IP67

-Options

- Stepless or multi-step potentiometer
- NO and NC signal

Model	Configuration	Approvals	
			
EGR	Signal switch	5mA~100mA, 12~62Vdc, 5E4	5mA~100mA, 12~62Vdc, 5E4
