

# EGX

## Cost Effective Trigger Switch With Battery Protection Electronics

Low-cost trigger switch with integrated Li-ion tool control and protect functions.

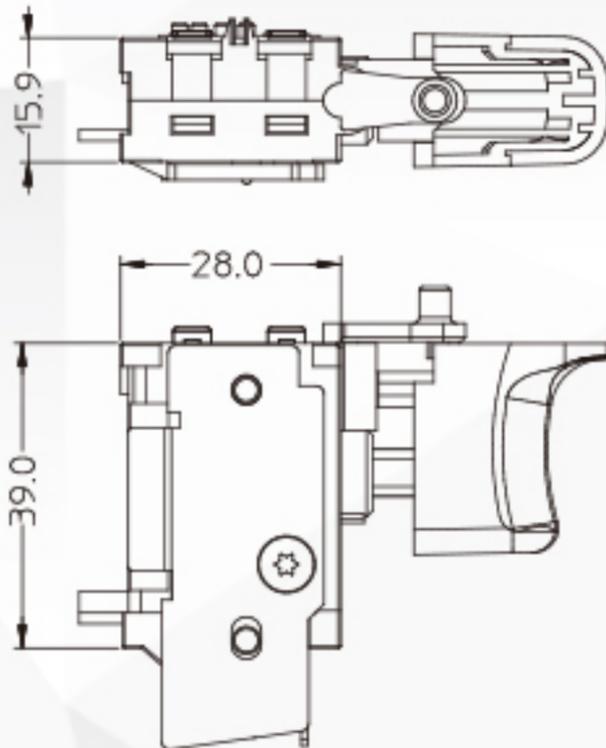

### -Features

- Variable Speed Control (VSC)
- Electronic bypass
- Integrated F/R control
- Soft start
- Under voltage protection
- Overload protection
- Battery temperature protection
- MOSFET temperature protection

### -Options

- Brake
- LED
- Signal pin(s) connector for front light, fuel gauge or ID

Model	Configuration	Approvals		
				
EGX	E-switch	20.1RA 24Vdc Max, 5E4	20.1A 24Vdc Max, 5E4	20.1A Max, 24Vdc Max, 5E4
