

FPC

Push Button Switch

Successor of APB/FPB series with the same dimensions and patented non-teasible mechanism. FPC is designed for professional grade medium angle grinder (1200 - 1800W), with ratings up to 15R(15)A 127Vac 5E4 and 10(10)A 250Vac 5E4.

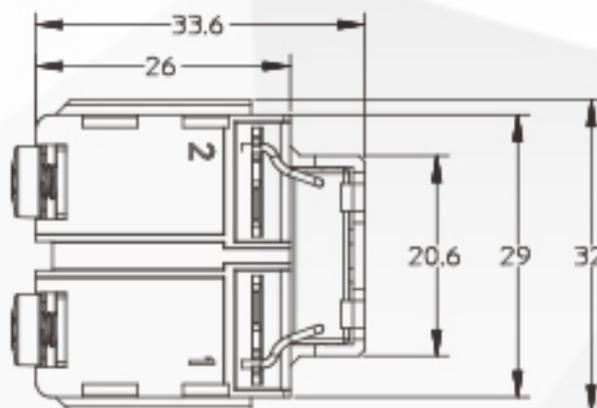

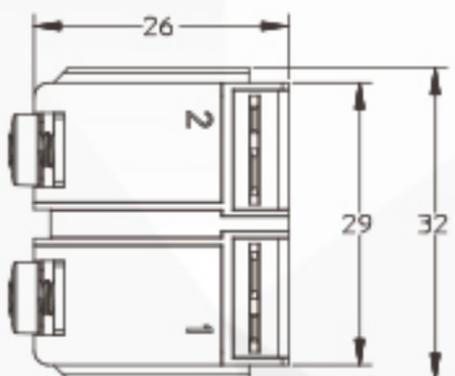

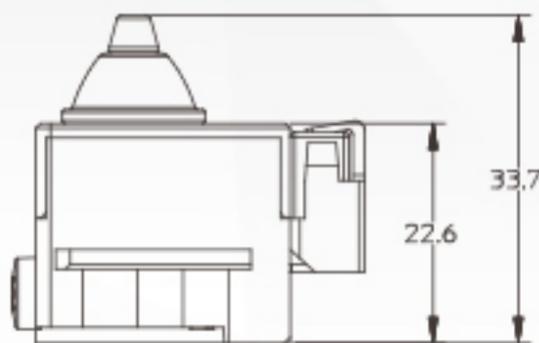

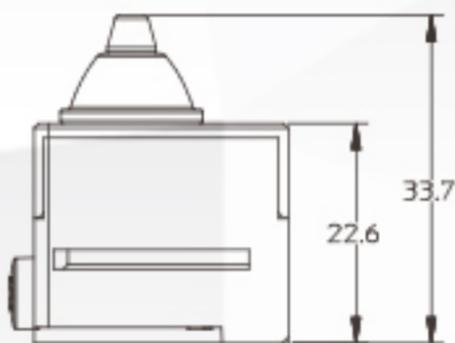

-Features

- Patented snap on design anti-tease system
- High voltage DC rating capability
- Double pole single throw
- Momentary-ON
- Compatible with industry standard
- Bistability
- Dust protected

-Options

- Integrated holder for common size capacitors
